ABOUT *Me*

With years of global experience in manufacturing and steel fabrication, I'm now focused on remote work. I'm enhancing skills and expanding into Virtual Assistant.

As a Virtual Assistant, I offer a range of services, including UI/UX Design, graphic design, and video editing, all aimed at helping entrepreneurs expand their reach and attract more customers.

I started exploring UI/UX design in early 2023 when I was introduced to Figma file and used it to develop websites based on prepared designs. Currently, I am enhancing my skills by shifting from solely implementing designs from Figma to also mastering the process of creating UI/UX designs directly within the tool.

MY SERVICE

Every business is unique, and so are the services I offer. I provide custom solutions that fit your specific needs.

UI / UX JOURNEY

Elements Animation

The screenshot displays the Axure RP software interface, which is used for creating interactive prototypes. The interface is divided into several panels:

- Left Panel:** Contains a sidebar with a search bar and a list of assets. The "Assets" section is expanded, showing a list of items including "Lesson 6 - Form Design Reviews", "Lesson 7 - Interactions and Animation", "Lesson 7 - Interactions / Animations ...", "Lesson 7 - Review", and "Layers". The "Layers" section is also expanded, showing "Animations", "Slide 16:9 - 2", and "Slide 16:9 - 2".
- Top Panel:** Displays the "Animations" section, showing a timeline of animations for the "Join Today" button. The timeline includes a "Join Today" button, an "EXECUTE ;" action, and a "Join Today" button. The "EXECUTE ;" action is highlighted with a green box.
- Right Panel:** Contains the "Prototype settings" section, which includes a "No device" dropdown, a "000000" color picker, and a "Removing a connection" section. The "Running your prototype" section is also visible, providing instructions on how to use the play button in the toolbar.
- Central Canvas:** Shows a UI design for a "Laravel Learning Platform". The design includes a header with the text "A Laravel Learning Platform" and a "Join Today" button. Below the header is a section titled "Add interactions & animations" with a list of instructions: "1. Animate the 'Join Today' button in the navbar with a hover change.", "2. On page load, animate the headline and sub-headline.", "3. Animate something in the green console section.", and "4. BONUS: Make the logos at the bottom infinitely scroll as a marquee." The central canvas also features a "console" section with a green background and a "git clone laracode" command, and a "Join Today" button. The bottom of the canvas shows a row of logos: "TESLA", "Apple", "airbnb", "Spotify", and "stripe".
- Bottom Panel:** Contains a toolbar with various icons for editing and prototyping, including a play button, a selection tool, a text tool, a shape tool, a line tool, a connector tool, and a code editor icon.
